Gros Manseng 100%

Vegetarian, Vegan

Thick-skinned and wild, Gros Manseng is relatively unknown. For years, it was held in lower regard than its equally obscure parent, Petit Manseng, and blended away anonymously. We've captured its winemaking potential in one of the fruitiest and fun wines you're likely to taste.

PRODUCTION

Gros Manseng, with its thick skin and small berry size, can both ripen beautifully or over-ripen whilst retaining its acidity and shunning the advances of botrytis, giving both dry and sweet wines.To show this fascinating variety at its best, we've made two wines and blended them together: a bright and zingy Gros Manseng fermented to dryness into which we've blended a smaller proportion of late harvest Gros Manseng, bringing with it a delightful fruitiness and exotic spice.

TASTING NOTE

Zingy, incense-smoked and glorious, this is loud and proud Gros Manseng.

FOOD MATCH

This makes for a mega apéritif, otherwise try with stinky cheeses and aromatic middle-eastern and eastern cuisines.
